

FOURTH YEAR  
ACHIEVING  
**GREEN**  
A W A R D

#### Green Award

SAI International School takes immense pride in receiving the Green School Award for the fourth year in succession as it is another crowning glory for the school community.

The Annual Competition organized by the Plant Lovers' Association of the city held on the 5th and 6th of January 2013 saw Schools, Teaching and Training Institutions, Residential Buildings, Corporate offices, Government offices as well as public gardens and nurseries participate with great enthusiasm. On the 13th of January at the Regional Plant Resources Centre where SAI International bagged the first prize in the category of Institutional gardens-Best School Garden. Extremely happy to be the recipients, the school reiterates its commitment for preserving the much needed green mantle of the planet and pledges to continuously work on winning the award year after year.

We at SAI International believe in propagating the "Clean city Green city" motto, for which maintaining a beautiful garden with flowers is our primal step. We instill the values of respecting Mother Nature in our students and strongly believe that this step is a small contribution in making the earth a beautiful place to live in.
