

TO BE THE BEST OR DIFFERENT FROM THE REST

CHAIRMAN'S CLUB

SAI International School
Bhubaneswar

To accomplish great things in life we must not only act but also dream and our Chairman, Dr. Bijoy Kumar Sahoo reiterates it by sharing his mantra of “If you dream it, you achieve it” with the Chairman's club members of the school. To be a part of the Chairman's Club is the most coveted laurel that is bestowed upon any SAIONEER of Classes V to XII. The ritual that started in the year 2010-11 with 84 students almost doubled in the consecutive years and has now multiplied to become 560 students in the year 2013-14, an indication that more and more SAIONEERS are being fortified with the attributes that help them to bag this honor.

The induction ceremony for the Chairman's Club members was held in the Indraprastha Auditorium where the Chairman gave away the 'badge of honor' along with gift coupons from Oxford Book store to the star achievers. As a part of the Chairman's Club the member students enjoy certain privileges that are extended to them as an additional appreciation to compliment them for their super achievements in academics as well as extracurricular or co curricular activities.

Dr. Sahoo shares that this club is to mentor the “gen next” leaders to make them able to take on any challenges in their life and build them into confident yet humble human beings. At the Chairman's Club, Dr. Sahoo is a personal friend, philosopher and guide for the students to excel in the chosen field of their occupation like science and technology, creativity, visual and performing arts, sports, entrepreneurship and other areas that compliment their aptitudes.

Further to mentoring by the Chairman, the members of the club also enjoy special sessions and lectures with experts from different walks of life. In addition to this leadership camps are organized that are specifically designed to empower the students and help them develop tools that would eventually aid them to create an exciting future. Special classes for NTSE, issue of additional library books and enhancement of the special talents that the children exhibit are some of the other advantages that the members are entitled to. Chairman's club does not follow the policy of 'All work, no fun'. Movie screenings, luncheons and outings are held where our Chairman interacts with the children away from the confinement of school premises.

Holistic grooming has always been an integral part of SAI curriculum and Chairman's Club is an extraordinary opportunity to a 360 degree development of the skills and attitudes of the child under the caring and experienced hands of our Chairman.
