

SAI INTERNATIONAL SCHOOL A CPT ACCREDITED SCHOOL

SAI International School takes immense pride in sharing with you that we are now a CPT accredited school. The Institute of Chartered Accountants of India (ICAI) has given us the accreditation to run classes for the Common Proficiency Test (CPT) thus enabling us to prepare and help students to perform well in the exams in the school campus itself.

The Common Proficiency Test, one of the most appeared for professional qualification exam sees huge numbers of students appear for it year after year. In such a competitive scenario, it becomes imperative for us to train our students and make them a cut above the rest. An accomplished team of faculty will make sure that our students get the best of training required.

The Chartered Accountancy course, considered to be one of the most rigorous courses in India is conducted by the ICAI. This course is an optimum blend of practical and theoretical education. It consists of three levels of examinations and three years of practical training under a practicing Chartered Accountant. To be designated as a Chartered Accountant, one has to pass this course which begins with the CPT.

SAI International School is seeing great and newer heights in the field of Commerce education. Under the dynamic mentorship of our Chairman and Founder, Dr. CA Bijoy K Sahoo who is a Chartered Accountant and a Cost Accountant, we are going strong and steady. **Our previous results** confirm our focus and perseverance.

At SAI International we have always strived to provide our students with the best teaching-learning methods and this step of ours is another measure to implement perfect coaching for our future CA's to be. [follow us](#)
