

SAI International School

THE WONDER BOY

Siddhikant Mishra

The 'wonder boy' of SAI International School, Siddhikant Mishra of class X did us all proud on a National platform. Tryst- the annual tech fest of IIT- Delhi organized a [National Rubik's cube competition](#) under the World Cube Association. Siddhikant participated in several categories of this competition and did wonders! Rightly so!

The Maestro secured himself the second position in the 2x2 Rubik's Cube with a competition best time of 3.66 seconds and an average time of 4.58 seconds. He then went on to hold the second position in the 3x3 Rubik's cube with an average time of 14.24 seconds. He made a personal best time of 11.27 seconds coming second to the best time of 11.10 seconds. The cherry on the cake was bagging the second prize in the 4x4 Rubik's cube category with an average time of 69.05 seconds.

You tube showcases his amazing talent and watching the video the Chinese Numero Uno Speed Cuber said, "Man, that's nice! If you look at my latest unofficial personal time, it's still worse than your official solved!" This competition saw over 138 participants from Mumbai, Chennai, Jaipur, Ahmadabad, and Bangalore of which most were college students.

Siddhikant shares with us "It was a blast! Going to IIT in midst of so many speed cubers like me felt really good. I feel that two years of my hard work has paid off. He adds that, "Although I am happy about my victory I was disappointed to have lost by 0.17 seconds. Hopefully, I will break a few National records in the coming competitions." We wish him Best of Luck!
